

Compact Reach Slipfitter

Mount this weighty fixture in complete safety atop any pole with a standard 3.5" or 2.375" tenon.

For additional safety a stainless steel bolt is provided to pin through the pole tenon below the wiring chamber.

For Use with:

- Philips Color Kinetics Color Reach Compact Powercore
- Philips Color Kinetics iW Reach Compact Powercore
- Philips Color Kinetics eColor Reach Compact Powercore
- Philips Color Kinetics eW Reach Compact Powercore

These Slipfitters are ultra-heavy-duty for the Compact Reach luminaire. They feature a T-bracket with two 1/2" stainless bolts to attach to the fixture yoke, and a wiring chamber with weatherproof gasket and cable gland for secure electrical connection.

For additional safety, a 1/2" stainless steel bolt is provided to bolt through the pole top, for which the installer will be required to drill a clearance hole.

An internal sleeve is provided to pack the slipfitter base for use with 2 3/8" Tenons.
