

Reach Compact Stacker Kit

Now there's a simple way to get the power of a Reach and the flexibility of Reach Compact — without sacrificing space or building expensive rigging structures.

This kit bolts two Philips Color Kinetics Reach Compact fixtures together on a single Reach Compact Yoke.

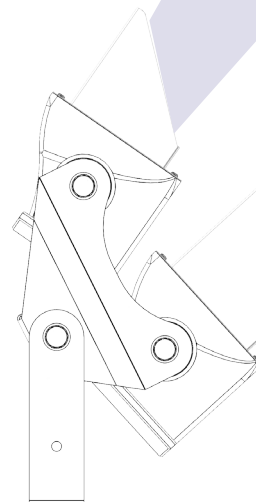

Easy!

For Use with:

Philips Color Kinetics Reach Compact Fixtures

Part Number	Description	✓
4741.10	Reach Compact Stacker Kit	

Job Name	
Location	
Architect	
Designer	

The Stacker Kit is a robust steel bracket, plated and powder coated for excellent corrosion protection to match the Reach Compact Yoke.

Simply remove the yokes from two Compact Reach luminaires, discard one and bolt the other to the Stacker Kit. Then bolt the two fixture bodies to the stacker kit and you're done!

All stainless steel hardware required is included with the Stacker Kit.

Don't forget that Tempest makes a full range of standard and custom accessories for Reach Compact and other Philips Color Kinetics luminaires. Check them out at www.tempest.org.

In the interest of continuous product improvement, specifications are subject to change without notice
