# Anti-Ligature Display Enclosures: 32–75inch

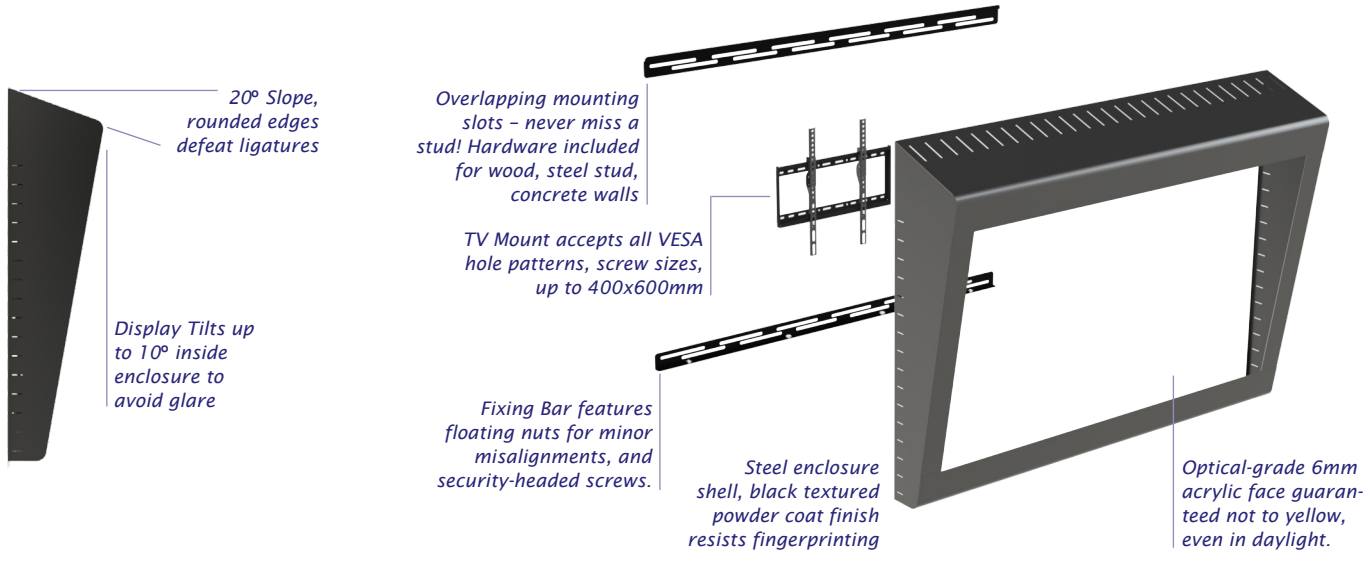
***Amid growing concern for institutional patient/ inmate safety, Tempest offers a family of high-security wall-mounting enclosures that protect flat panel displays at the same time as preventing patient self harm through the attachment of ligatures.***

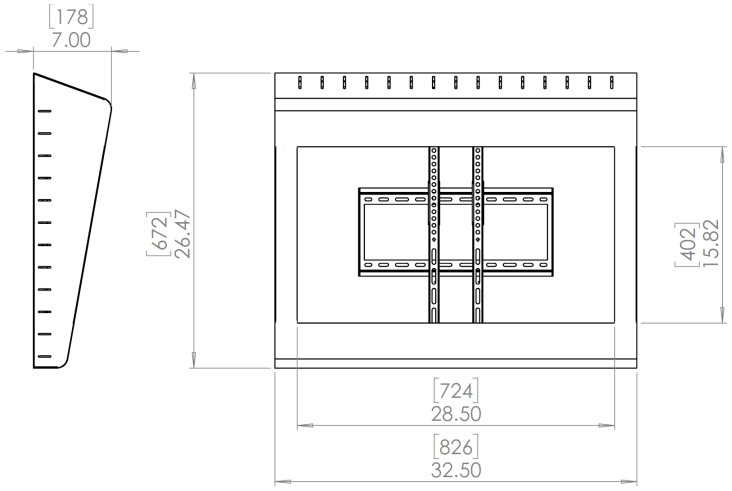
Tempest goes further: testing has shown that a 20° top slope with its rounded front edge is much more effective than the standard 15° pitch in deterring ligature attachment. This also enables a flatter profile to the wall, saving space while still allowing up to 10° screen tilt to avoid glare.

The screen is protected by a 6mm layer of optical grade clear acrylic, guaranteed not to fade or yellow in the presence of daylight.

Electrical and signal connections may be completely concealed within the enclosure footprint, and security-headed fixing screws prevent unauthorized access.

And Tempest's unrivaled experience as the leading AV enclosure specialist ensures efficient convection cooling of the enclosed display monitor.

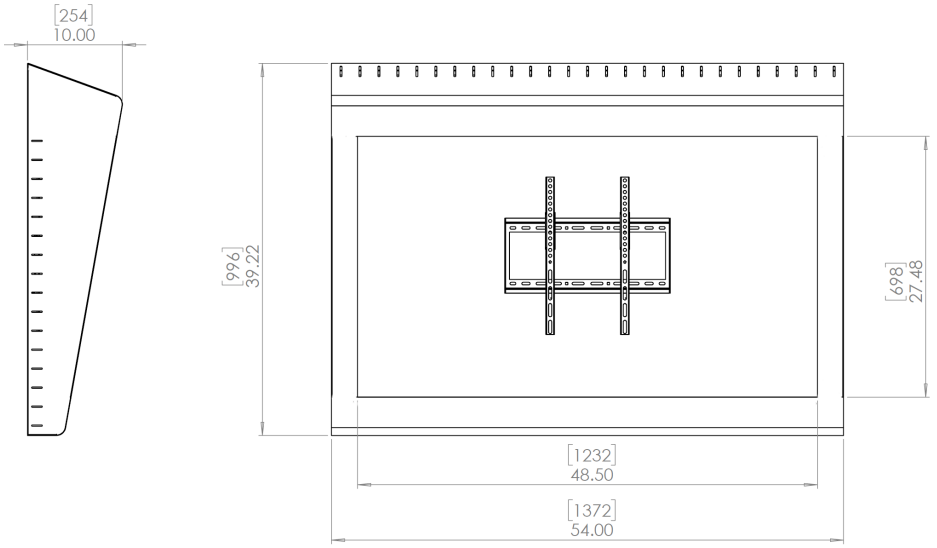




## ALWME.32

For displays up to 32in.

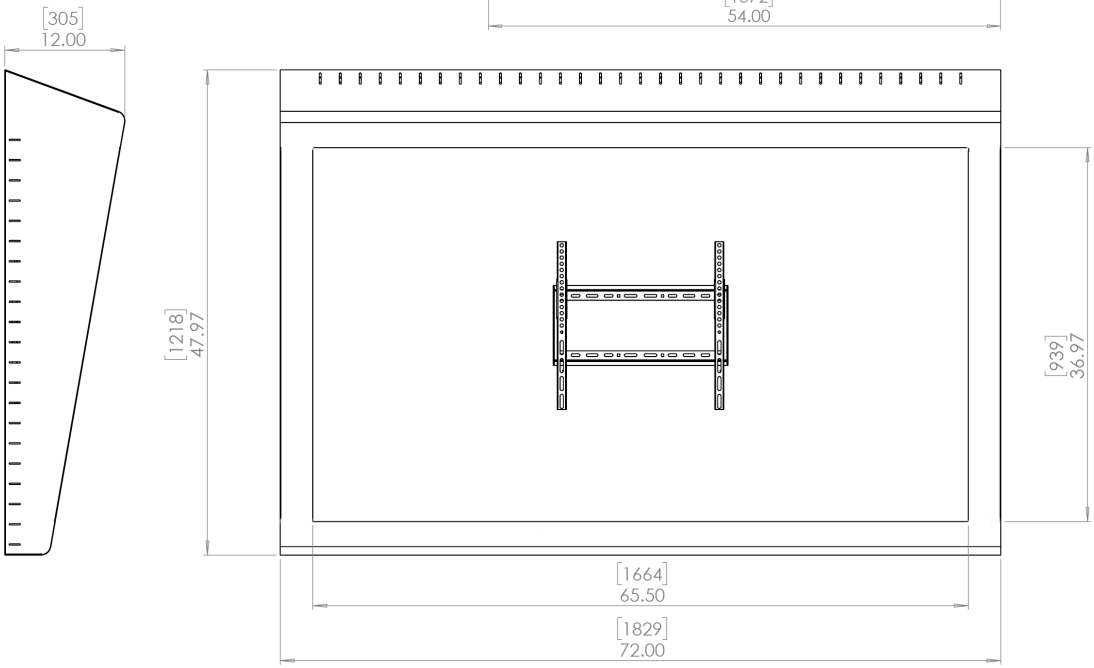
| | |
|---|---|
| Dimensions (LHD) | 32.5x26.5x7" 826x672x178mm |
| Weight | 31lb (14kg) |
| Max Load | 132lb (55kg) |
| VESA | Up to 400x400 |
| Finish | Powder coated |
| Color | Black (light texture) |
| TV Mount | UL Listed |



## ALWME.55

For displays up to 55in.

| | |
|---|---|
| Dimensions (LHD) | 54x39.2x10" 826x672x178mm |
| Weight | 52lb (24kg) |
| Max Load | 132lb (55kg) |
| VESA | Up to 400x400 |
| Finish | Powder coated |
| Color | Black (light texture) |
| TV Mount | UL Listed |



## ALWME.75

For displays up to 75in.

| | |
|---|---|
| Dimensions (LHD) | 72x48x12" 826x672x178mm |
| Weight | 71lb (32kg) |
| Max Load | 150lb (68kg) |
| VESA | Up to 400x600 |
| Finish | Powder coated |
| Color | Black (light texture) |
| TV Mount | UL Listed |
